195 NORTH TERRACE
ADELAIDE

BUILDING APPROVALS

SOUTH AUSTRALIA

SEPTEMBER 1964

SCOPE

This bulletin shows the number of "New Houses and Flats" and the value of "New Houses and Flats", "Other New Buildings", and "Additions and Alterations", approved in South Australia from August 1962 to September 1964 and gives details of flats and of the types of houses approved during the same period.

The statistics relate only to buildings as distinct from the construction of roads, bridges, railways, earth works, water storage, etc., and have been compiled from (a) particulars listed on returns from local government authorities of permits issued to private persons and organizations for building in areas subject to building control, (b) particulars, furnished on the same returns, of building known to be projected or to have started in areas beyond such building control but within the general jurisdiction of such authorities, and (c) details of contracts let or expenditure authorized by governmental and semi-governmental authorities shown on returns furnished by these authorities.

DEFINITIONS

VALUE: The values shown represent the estimated cost when completed (excluding cost of land) of new buildings and of additions and alterations to existing buildings.

NEW BUILDINGS: Additions of £5,000 and over to existing buildings (other than houses) are regarded as "new" buildings and are included in the figures shown in Table 2.

PRIVATE AND GOVERNMENT: Building is classified as "Private" or "Government" according to ownership, e.g. the majority of homes built by government housing authorities are classified as "Government" even though some are intended for sale on completion.

COMMENT

For purposes of comparison it should be borne in mind that the volume of building approvals is affected from month to month by the incidence of large projects such as blocks of flats, hospitals, multi-storey office buildings, etc., and also by the administrative arrangements of local government and semi-government authorities.

During the three months ended September 1964 the number of houses and flats approved for private owners totalled 2,727, an increase of 161 from the figure of 2,566 for the previous three months and 267 more than the 2,460 approved during the three months ended September 1963; value of other new buildings approved (private and government combined) was £4,770,000, which was £2,192,000 less than for the previous three months and £293,000 less than for the three months ended September 1963; value of all building approved was £21,910,000, a decrease of £3,126,000 on the figure for the previous three months but £2,826,000 more than for the three months ended September 1963.
